

Job Description

Science Technician

Reports to: Senior Science Technician

Starting Salary Grade: H5 Point 9 plus London Fringe Allowance

General Responsibilities:

To work with the team of technicians to provide a comprehensive, practical service to science laboratories, ensuring that timetable deadlines are met and relevant safety procedures are adhered to as far as is practically possible.

Main Areas of Responsibility:

- To assist in the preparation of practicals for science lessons and to ensure that equipment is ready for the start of the lesson and is cleared away at the end of the lesson
- To be aware of any health and safety procedures which need to be implemented
- To maintain and check equipment is safe for use and re-stock chemicals for lessons
- To maintain a clean and safe working environment for staff and students to work in
- Monitor stock of consumables in the classrooms and prep rooms

Each Science Technician works primarily in one area, but there is considerable collaboration and mutual support between all technicians.

We are an Equal Opportunities employer. The Broxbourne School is committed to ensuring inclusion, diversity and equality of opportunity. We welcome applications from all suitable candidates and encourage those from underrepresented groups, and/or with protected characteristics, to apply. The school is committed to safeguarding and promoting the welfare of children and young people and expects anyone applying to work in our school to share this commitment. All appointments are subject to pre-employment checks, including a satisfactory enhanced criminal records with Barred List check through the Disclosure and Barring service.
