The School

Haileybury is a co-educational boarding and day school for pupils aged 11-18. There are currently over 900 pupils at the School. Demand for places and pupil numbers has increased dramatically in recent years.

The Haileybury of today enjoys an excellent worldwide and national reputation. This reputation is primarily based on the very high standard of education that is provided at the School. This was reflected in the report written by the ISI Inspection team who visited the School in October 2025. The report gives a clear picture of a progressive, ambitious school which offers its pupils the very best all-round education. A copy of the report can be viewed [here](#).

Haileybury is a dynamic, outward-looking and future-oriented school. It aims to provide high academic achievement, outstanding pastoral care and a rich and varied co-curricular programme; we want our pupils to leave school as confident, rounded and ambitious individuals. As a large, diverse community, the fundamental values of service, kindness and respect are essential. Pupil voice is important and there are many opportunities for pupils to express their opinions, including an active Pupil Senate. The team of teaching and operations staff are dedicated and highly professional.

Haileybury comprises a dedicated Lower School (Years 7 and 8), a Middle School for Years 9-11 and a Sixth Form of around 360 pupils. All Senior School pupils are boarders or day pupils in one of the 12 senior Houses. There is also boarding House in our vibrant Lower School. The Houses are set within the extensive campus grounds, and most of the teachers are also accommodated within 5 minutes walk of the School. The sense of community at the School is especially strong.

Haileybury has a vibrant academic culture. Its curriculum model is distinct and in the Sixth Form pupils have the choice of following the International Baccalaureate Diploma Programme (IBDP) or A levels. The most popular UK university destinations include Oxbridge and the Russell Group; Haileybury's pupils also achieve places at top North American and European universities.
