

Sandringham EdTech Demonstrator Programme Project Lead
0.6 FTE – Initially a fixed term contract of 1 year
Salary: L10-L14
Start date: ASAP or September 2021

We are looking to appoint a talented, enthusiastic and ambitious project lead to support the successful operation of the EdTech Demonstrator Programme at Sandringham School. The programme is a Department for Education funded project made up of 55 demonstrator schools, of which Sandringham is one. The programme provides peer to peer support, helping schools and colleges with expert advice and guidance about integrating digital tools and technologies within education. More information about the programme itself can be found via <https://edtech-demonstrator.lqfl.net/> or <https://sandagogy.co.uk/edtech/>.

The ideal candidate will have extensive experience of using digital tools within education and preferably have had strategic oversight of implementing technology within a school or college setting. Working with other schools and organisations is a fundamental part of the role and therefore having experience in this area would be beneficial.

Depending on your subject specialism, we would be keen to combine this role with a 0.4 FTE teaching position to make this a full-time appointment. If this is of interest to you, please express this in your letter of application.
