

Why I like Alban city school.

There are lots of different children I could be friends with.

We learn about lots of different subjects.

There are five different pieces of equipment I could use at playtime.

My favourite subject is Literacy and handwriting also.

Teachers are kind and generous and always here to help.

There is always a new subject to learn.

Why I love Alban City School !!

I love Alban City School because it has amazing teachers. I put amazing but they are more amazing than amazing. It has fun subjects and delicious food. It also has a fun playground. My favourite subjects are English, math, science and history. I feel safe, secure and happy because I have my teachers and my friends who make me happy when I'm sad. I love reading at the end of the day because I love reading so it makes me happy. We learn lots but we don't know it because our teacher is fun.

reason why I love Alban city school
because the food is quite healthy and there
a salad bar. Another reason why is
because we have a very long playtime.
There is also P.E. which helps you
do different sports and makes you better
at something that you never knew you
were good at. I love Alban city school
much that I never want to leave
